ABOUT ME

Hello, my name is Allan Espinoza Ibañez. I'm curiosity personified and I'm dedicated to solve problems while working as a web developer.
I am currently working in a training center developing e-learning platforms with Moodle while I am studying to be a technician in web application development.

WORK SUMMARY

WEB DEVELOPER
Multimedia Business Center | Grupo MBC | 2020-present

- Created Moodle LMS platforms for different centers.
- Created custom blocks with moodle's API and Javascript.
- Created virtual center with canvas and Javascript.
- Created reports for company's administration.
- Made front-ends designs.
- Managed backups.
- Customer Support.

ACADEMIC BACKGROUND
